LEWIS COUNTY RESOLUTIONS.

The Republicans of Lewis county in
Convention assembled cordially indorse
and approve the course of Governor
Bradley in calling out the troops to en-
force the supremacy of the law and sup-
press lawlessness during the late session
of the Legislature. His course in this
matter should and will receive the com-
mendation and approval of all good citi-
zens, irrespective of party affiliation.

We denounce and condemn the unwise,
unjust and dishonest course of the late
Democratic State Senate in failing and re-
fusing to pass or concur in some measure
to meet the just and pressing obligations
of the state to its creditors. The neces-
sary result of their failure will be the
nonpayment of her creditors and the most
serious embarrassment of all the De-
partments of the State Government, in-
cluding her charitable institutions. Upon
the heads of the Democratic Senators
must rest the responsibility for the fail-
ure of claimants having demands against
the state to receive prompt payment
thereof.

The Republicans of Lewis county
heartily commend and indorse the course
of their Representative, the Hon. A. D.
Pollitt, in supporting the nomination of
Hon. W. G. Hunter for United States
Senator, and his loyal support of the
Hon. W. G. Hunter after he was de-
clared the caucus nominee. The Republi-
cans of Lewis county believe in loyally
supporting the nominee of the party,
and he who does otherwise justly de-
serves the condemnation of the party.
The action of Mr. Pollitt in this and in
other matters entrusted to him by his
constituents is worthy of their approval
and commendation, and this Convention
desires to thank him for his efforts to
place a Republican in the United States
Senate from Kentucky, which would have
been done had all Republicans in Ken-
tucky been as loyal and true to their
party as he.

The Republicans of Lewis county in
Convention assembled have a just pride
in the talents of Governor W. O. Brad-
ley, and we believe that he would in an
eminent manner adorn the position of
President of the United States if called
upon to discharge its duties, yet yielding
to the sentiment and knowing that the
voice of our party in this county is over-
whelmingly in favor of the nomination
of the Hon. William McKinley of Ohio, the
delegates this day selected to represent
the county at Maysville and Louisville
are instructed to cast the vote of the
county in said Convention in favor of
said delegates as are in favor of William
McKinley for President, and also in favor
of instructing said delegates to vote for
him at the St. Louis Convention in June
next.

The Republicans of Lewis county take
a pardonable pride in the talents of her
honored son, Hon. Samuel J. Pugh, and
we sincerely and heartily approve his
course as the Representative of the Ninth
Congressional District. He has made us
a creditable Representative, and has with

ANOTHER RICHMOND.

Congressman Linton May Control
Matters at St. Louis.

A remarkable Presidential campaign is
now under way.

It is announced in Washington that
Congressman Linton of Michigan, the A.
P. A. leader in the House, is seriously a
candidate for the Presidency. As the
representative of a secret Order his can-
vass is being made in secrecy, but it is be-
ing actively pressed through the medium
of the various Lodges of the A. P. A.

The intention appears to be that he shall
receive the votes of delegates at the Re-
publican National Convention not with the
idea perhaps that he can get the Republi-
can nomination, but with the view of
holding all delegates who may be A. P. A.
men away from any other candidate who
may be offensive to the Order, and to pre-
pare the way to an independent nomina-
tion if the choice of the Convention is re-
pugnant to them.

Making an independent nomination,
they expect Linton to be their choice.
They say, however, that they are
going to have enough of their Order in
the Republican Convention to defeat any
man who is repugnant to them. They
say that some of the Delegates will even
disregard instruction if necessary.

Linton has made himself rather con-
spicuous since he first entered Congress
though his devotion to the cause of the
A. P. A. His famous "little red school-
house" speech first brought him into
notice among his colleagues. It was not
realized then how far the movement
which he represented might go. His
speech struck the popular fancy and
members from all quarters sent it out to
their constituents to read. One Senator
distributed a million copies, and about two
million more were circulated by the
Republican members of the House.

The character of the fight this session
against sectarian schools shows how ac-
tive the movement has been during the
past two years.

It is viewed with some apprehension by
many of the leaders in politics as like-
ly to temporarily disturb the political
situation.

The reader of this paper will be pleased to
learn that there is at least one dreaded disease
that science has been able to cure in all its
stages, and that is Catarrh. Hall's Catarrh
Cure is the only positive cure known to the
medical fraternity. Catarrh being a constitu-
tional disease, requires a constitutional treat-
ment. Hall's Catarrh Cure is taken inter-
nally, acting directly on the blood and mucous
surfaces of the system, thereby destroying the
foundation of the disease, and giving the pa-
tient strength by building up the constitution
and assisting nature in doing its work. The
proprietors have so much faith in its curative
powers that they offer One Hundred Dollars
for any case that it fails to cure. Send for list
